

PLUMPJACK
WINERY

*not your typical
chardonnay*

- Our Chardonnay grapes come from two vineyards—one in Los Carneros and the other in St. Helena. With a 10–15°F temperature difference, along with other important differences, such as soil composition, these two sites vary significantly in character and expression. Together, these differences add layer upon layer of flavor to the nose and palate, creating a beautiful and complex Chardonnay.
- To preserve the fresh aromatics and vibrant, lively acidity, we do not allow this wine to undergo malolactic fermentation.
- Pair it with seafood linguine, oysters, vegetable tempura, and delicately seared sole.
