

SONEVA JANI

MALDIVES

Returning to What Matters

For over thirty years, Soneva has held a simple belief: the most meaningful things are often the simplest. Shoes left behind. Noise softened. Until what remains is presence, connection and a quieter world.

Soneva Jani sits within the Noonu Atoll, a natural island above a vast lagoon. The horizon is always in sight. Light moves across the water all day — gold at dawn and amber at dusk. Villas sit above it all, open to the sky and the water below. Wide, unhurried and endlessly calm.

Soneva Jani

A world suspended between water and sky, where life unfolds to the rhythm of the lagoon. Time at Soneva Jani is shaped by movement, stillness and discovery — reconnecting guests with nature, with loved ones and with a lighter sense of being.

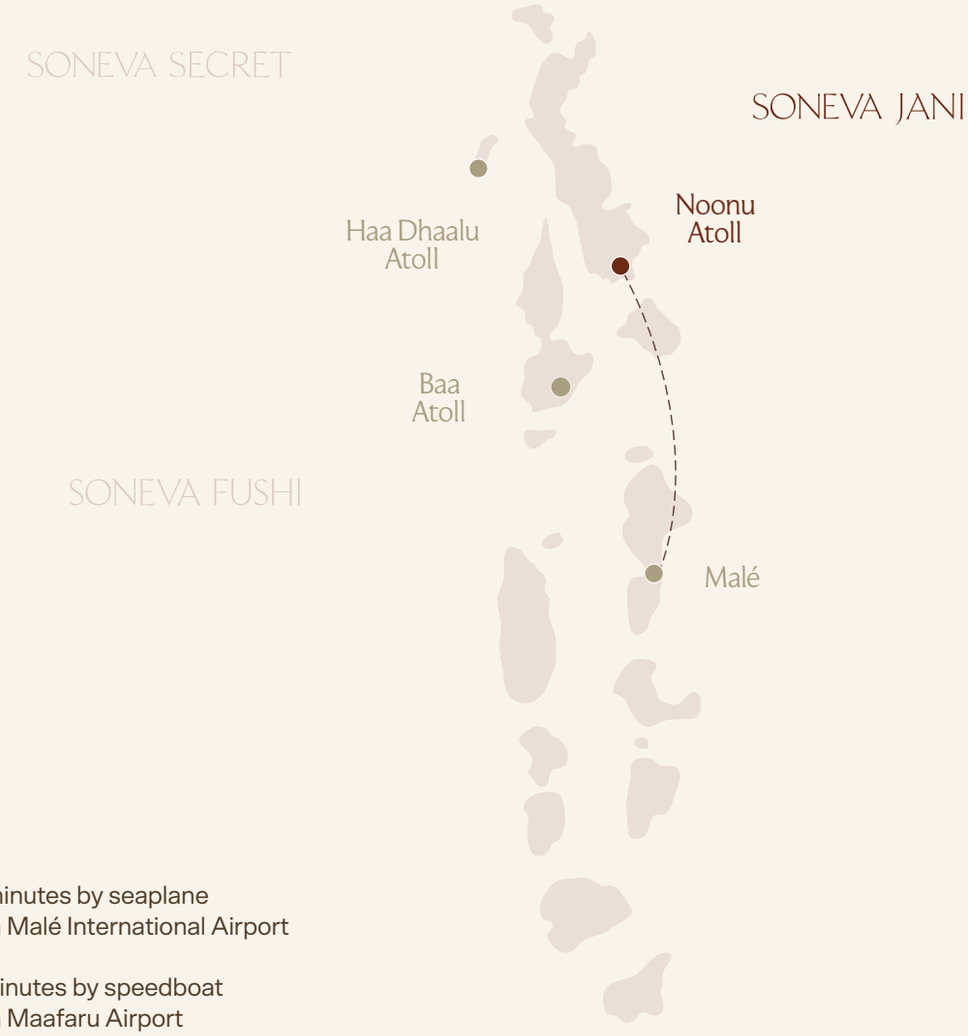

A place for couples, families and groups who want to share meaningful moments together. The revitalising rhythm runs through every day, from active mornings on the water to restorative evenings beneath open sky.

The Energyscape

Defined by expansive space, iconic overwater living and a genuine sense of wellbeing. Adventure, serenity and playfulness, all finding their place above the lagoon.

Journey to Soneva Jani

Arrival begins with a breathtaking flight across the Maldives, where scattered atolls and turquoise waters gradually give way to Soneva Jani's vast private lagoon in the Noonu Atoll.

Over the Lagoon, Out to the Horizon

Where slides into the ocean were born. Villas do not simply sit beside the lagoon; they're a part of it. Each one positioned to make the most of the light, the water and the horizon that stretches beyond. Space here is generous, the air is salt-tinged and warm, and the only sound that matters is the one the ocean makes beneath you.

From expansive one-bedroom overwater retreats to multi-bedroom island residences designed for larger gatherings and extended stays. Set either above the lagoon or hidden within island greenery, each villa balances openness, privacy and uninterrupted connection to the surrounding water.

Revealing What Matters

Life at Soneva Jani moves between energy and ease. Guests might spend the morning kitesurfing across the lagoon, drift towards a private sandbank for lunch or dare themselves down the overwater slides. As evening falls, the stars over the Indian Ocean ask you to stay a little longer.

Others find a slower rhythm — restorative hours at Soneva Soul, long evenings above the water or simply time with nowhere particular to be. The energy here is not manufactured. It simply exists.
