

# Enhance your Event Data

# Enhance Your Event Data

## ROI Metrics

### Impressions

The amount of non-unique aisle traffic passing by the sensor.

### Extended Visits

Booth visits with dwell time greater than one minute.

### Dwell Time

The average amount of time spent in front of the sensor.

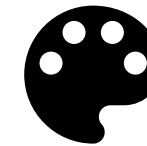

### Energy / Sentiment

A measure of the intensity and duration of positive face expressions.

## Post-event Report

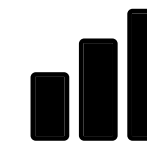

Use data to speak with your leadership

Make decisions on booth layout

Train your staff members

Benchmark performance
