IMPORTANT: IMEX operates a clean air policy which prohibits the use of any unauthorized devices that broadcast Wi-Fi in the halls. Any device found to be broadcasting Wi-Fi during the event will have their internet connection shut down. This is to minimize interference for the site-wide Wi-Fi system to ensure everyone has a pleasant experience.

NOTES:

- All wireless services, regardless of location or service provider, are susceptible to interference. This can lead to loss of connectivity, slow network traffic and poor performance.
- Any device connecting to the IMEX Wi-fi should be 5Ghz compatible and any ordered wireless services are subject to interference and cannot be fully guaranteed.
- Refunds will not be considered due to the effect of interference or the device(s) being 5Ghz incompatible.
