Whale Shark Snorkeling

\$154.00

Villa Park is situated in the South Ari Atoll Marine Protected Area, renowned for its stunning dive sites and large pelagic species, including the majestic whale shark—an unforgettable bucket-list experience! Few places in the world can offer year-round whale shark sightings, and we're proud to say our location is one of them.

Availability : Saturday, Sunday, Monday, Wednesday and Thursday

Time: 0900hrs to 1200hrs

Friday: 0830hrs to 1130hrs

Manta Snorkeling

\$154.00

Villa Park is ideally situated at the center of the atoll, providing easy access to manta points throughout both monsoon seasons. During the Northeast monsoon (December to May), manta rays are typically seen on the west side, while during the Southwest monsoon (June to November), they migrate to the east side. There are two types: Reef Manta Rays and the larger Oceanic Manta Rays, both of which belong to the same family and do not have stings.

Flights and Scuba Diving

We prioritize safety and fun! Following the latest recommendations, our policy regarding scuba diving activities after flying is to wait 12 hours before engaging in any scuba diving activities. Additionally, all diving activities must cease completely 24 hours before boarding a domestic or commercial flight.

Orientation & Reactivate

Orientation Dive \$71.00

Our orientation dive aims to assist divers in returning to the water, specifically those who may have missed the Maldivian dive regulation checks.

If a diver is certified as an entry-level diver or above but cannot provide proof of at least 30 dives and/or has not dived within the last 3 months, they are required to undergo an Orientation Dive.

During the dive, you'll familiarize yourself with the equipment, including weight checks, whether you're using our equipment or your own. This is the perfect time for a pre-check. This experience not only readies you for the specific conditions of Maldivian waters but also serves as an excellent opportunity to refresh your skills before venturing into open water on the boat.

Reactivate \$151.00 Scuba Refresher

Certified divers inactive for over a year are advised to complete a refresher program.

It includes a theory quiz, a brief lagoon session, and a dive on our house reef.

ReActivate is an engaging and efficient way to refresh your dive knowledge and scuba skills. Tailored for those inactive for over an year, it effectively covers familiar topics while ensuring a comprehensive review where knowledge might need a refresher.

Medical questionnaire for beginners and certified divers:

If you have any of the medical conditions mentioned in the RSTC medical questionnaire, we would require a diving medical certificate confirming your fitness from a physician.

RSTC forms are available in multiple languages. Scan to view.

Attention divers aged 75 or older:

New insurance policies from DAN require a medical certificate from a physician. This certificate should confirm your fitness to dive, current health status, medications, and dosages. We kindly ask that you email this certificate to DiveOceanus to ensure your clearance for diving activities. Please send the details at least 10 days prior to your arrival to villapark@diveoceanus.com. We'll notify you upon receipt of the necessary documentation. Please keep in mind that final approval for scuba diving rests with DAN or your chosen dive insurance provider.

Thank you for your understanding.

FAQ

Is it necessary to make a booking in advance before my arrival?

All fun dives can be arranged on arrival, as well as all courses up to Rescue Diver. We recommend booking in advance, especially if you plan to complete your Dive Master or Rescue Diver training with us. Additionally, if you want to ensure there will be an instructor who speaks your language, please contact the dive center before your arrival.

What is diveOceanus' policy regarding diving after flying and flying after diving?

We prioritize safety and fun! Following the latest recommendations, our policy regarding scuba diving activities after flying is to wait 12 hours before engaging in any scuba diving activities. Additionally, all diving activities must cease completely 24 hours before boarding a domestic or international flight.

What are my depth limits as a certified diver?

- Scuba Diver Certification: Maximum depth of 12 meters.
- Open Water Certification: Maximum depth of 18 meters.
- Advanced and higher certification: Maximum depth of 30 meters.
- Please note that according to Maldivian dive regulations, the deepest recreational divers are allowed to go is 30 meters, and decompression diving is not permitted.

Are hyperbaric chambers available in the Maldives?

- Hyperbaric facilities are available at:
- ADK Hospital, North Male' Atoll
- Bandos Island Hyperbaric Chamber North Male' Atoll

What time of year is best for seeing whale sharks?

The South Ari Atoll Marine Protected Area (SAMPA) stands as the largest protected area in the Maldives, spanning across 42 km² of pristine coral reef habitat. Situated within this sanctuary are Villa Park and Villa Haven, our outer reefs. These reefs serve as year-round residence for the majestic whale sharks. Whether on scuba dives or snorkeling trips, the likelihood of encountering a whale shark during your stay is exceptionally high in this area of The Maldives. Whale sharks in South Ari Atoll are sighted all year round.

When is the best time of year to see manta rays?

We can easily access manta points during both monsoon seasons in the Maldives. During the Northeast monsoon (December to May), manta rays are typically sighted on the west side of the atoll. Meanwhile, during the Southwest monsoon (June to November), they can be found on the east side. This unique location allows for the exciting opportunity to snorkel with mantas throughout the year.
