Certified Diver

Dives & Equipment

For Open Water Diver certification onward Per Dive with Tanks & Weights

Orientation /House Reef	\$70.00
01 to 04 dives	\$110.00
05 to 09 dives	\$105.00
10 + dives	\$100.00

*The prices mentioned for dives apply only to individual divers and cannot be shared with a buddy. The rates for tanks and weights include cylinder, weights with a belt, mask, fins, and snorkel. DAN insurance and boat trips are inclusive. Orientation dives take place in our lagoon or house reef, eliminating the need for a boat. Surface marker buoys are provided free of charge.

Equipment Rentals

Per dive

Full equipment	\$25.00
BCD	\$9.00
Regulator	\$9.00
Dive computer	\$9.00
Wetsuit	\$9.00
Underwater light	\$15.00
GoPro	\$60.00
DPV	\$40.00

Equipment rental options are available either on a per-equipment basis or as a complete equipment rental package, including BCD, regulator, dive computer, wetsuit, mask, and fins. Nitrox fills are provided on a complimentary basis for certified Nitrox divers or those involved in Nitrox training.

All the above prices are inclusive of the 10% Service Charge and 16% of Goods and Services Tax levied by the Government of Maldives.

diveOceanus reserves the right to change these prices without further notice.

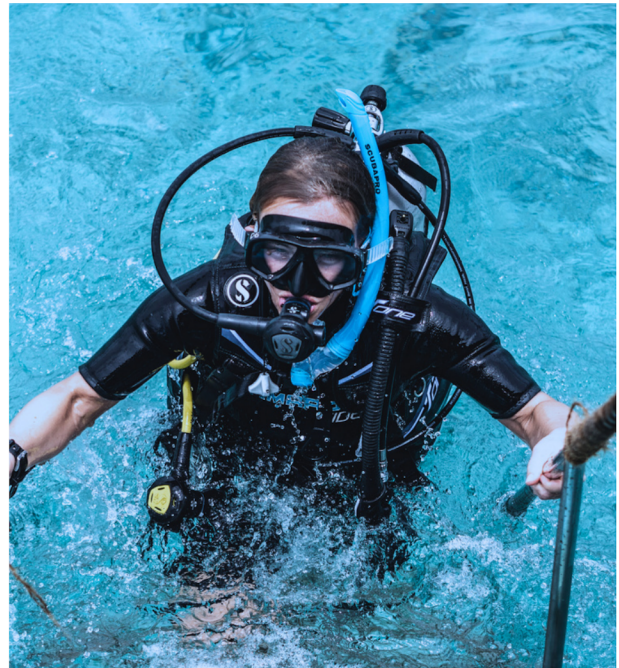

Orientaion & Reactivate

Orientation Dive \$70.00

Our orientation dive aims to assist divers in returning to the water, specifically those who may have missed the Maldivian dive regulation checks.

During the dive, you'll familiarize yourself with the equipment, including weight checks, whether you're using our equipment or your own. This is the perfect time for a pre-check. This experience not only readies you for the specific conditions of Maldivian waters but also serves as an excellent opportunity to refresh your skills before venturing into open water on the boat.

Reactivate \$150.00
Scuba Refresher

Certified divers inactive for over a year are advised to complete a refresher program. It includes a theory quiz, a brief lagoon session, and a dive on our house reef.

During the dive, you'll familiarize yourself with the equipment, including weight checks, whether you're using our equipment or your own. This is the perfect time for a pre-check. This experience not only readies you for the specific conditions of Maldivian waters but also serves as an excellent opportunity to refresh your skills before venturing into open water on the boat.

Popular experience programs

Bubble Maker for kids \$222.00

An unforgettable one-on-one underwater scuba dive designed for kids. Guided by certified instructors, these sessions introduce young explorers to the exhilaration of scuba diving in a secure and controlled environment. To enroll, the minimum age requirement is 8 to 9 years.

Discover Scuba Diving \$240.00

Introductory experience for exploring the underwater world without a full scuba course.

Geared towards beginners; Participants learn the basics of scuba diving. No swimming skills needed.

To enroll, the minimum age requirement is 10 years.

Scuba Diver Course \$600.00

This certification course includes dive theory, confined water skills practice, and two open water dives.

It counts toward the Open Water Diver certification, granting a lifetime license for worldwide diving up to 12 meters alongside a PADI professional.

To enroll, the minimum age requirement is 10 years.

Our Most Popular Courses

Open Water Diver course \$1000

This certification program teaches you the essential knowledge and skills needed to become a confident and independent scuba diver. You'll learn dive theory, practice critical skills in confined water, and complete a series of 4- open water dives. You'll be certified to dive up to 18 meters deep, and your license is for life, valid worldwide. To enroll, the minimum age requirement is 10 years.

Advanced Open Water \$800.00

Designed for fun and engagement, this program skips quizzes and exams, emphasizing practical experience to enhance your underwater skills. Core dives cover Deep Dive and Underwater Navigation, with optional experiences like night dives, a nitrox dive, mastering total breathing techniques for buoyancy control with PPB, or a Fish ID dive. To enroll, the minimum age requirement is 12 years.

Enriched Air Nitrox Diver \$200.00

Specialized certification that opens up new possibilities in scuba diving. This course teaches you how to dive with enriched air nitrox, which has a higher oxygen content than regular air. Enriched air allows for longer no-decompression dive times, meaning more time to explore underwater wonders.

To enroll, the minimum age requirement is 12 years.

PADI Basic FreeDiver Course

\$333.00

pre-booking required

The Padi Basic Freediver course is a subset of the Freediver course, emphasizing foundational principles and breath-hold techniques in a pool or confined water. The academics include independent study with Freediver eLearning and a confined water session.

Goals: 90 seconds static apnea and 25 meters/80 feet dynamic apnea.

To enroll, the minimum age requirement is 12 years.

Padi FreeDiver

\$550.00

pre-booking required

Master breath-hold techniques, static, and dynamic apnea in confined water with goals of 90 seconds static apnea and 25 meters dynamic apnea. Practice free immersion and constant weight freedives in open water, along with proper buddy procedures, aiming for a 10 meters constant weight freedive. Independent study with eLearning or class sessions.

To enroll, the minimum age requirement is 15 years.

Hanifaru Bay

Swim with Manta's

Hanifaru Snorkeling
at UNESCO Biosphere

\$220.00

Royal Island is situated within the protected UNESCO Biosphere Reserve, with Hanifaru Bay being one of the world's most renowned Manta hotspots, just 25 minutes away. Between June and November, lunar tides and monsoon currents trap high concentrations of plankton, attracting manta rays and whale sharks from across the Maldives. Observing mantas feeding near the surface offers an exhilarating experience for snorkelers.

Please note, sightings are subject to weather conditions and the behavior of these gentle oceanic giants. Hanifaru Bay, a protected marine area, prohibits diving but permits snorkeling. Visits are regulated based on specific dates and times. Bookings are always taken a day before during the the season.

DPV

Diver Propulsion Vehicle

\$300.00

The Suex DPVs offer enhanced range and power, enabling effortless navigation through currents, ideal for exploring vast reefs and crossing channels during dives. Our DPV course, comprising two dives, teaches essential theoretical knowledge and practical skills. Learn preparation techniques, DPV maneuvers, and vital safety measures, ensuring mastery in managing currents, avoiding entanglements, and maximizing battery efficiency. This comprehensive course covers both dives, certification, teaching materials, and essential equipment for a fulfilling learning experience.

Scan to view RSTC form

Medical questionnaire for beginners and certified divers:

If you have any of the medical conditions mentioned in the RSTC medical questionnaire, we would require a diving medical certificate confirming your fitness from a physician. RSTC forms are available in multiple languages. Scan to view.

Attention divers aged 75 or older:

New insurance policies from DAN require a medical certificate from a physician. The certificate must confirm your fitness to dive, current health status, medications, and dosages. Please email this certificate to diveOceanus to ensure clearance for diving activities. Send details at least 10 days before your arrival to royalisland@diveoceanus.com. We'll notify you upon receiving the necessary documentation. Please note, the final approval for scuba diving remains with DAN or an alternative insurance provider.
