

Information about proposed new member to the Nomination and Remuneration Committee

New member to the Nomination and Remuneration Committee:
Camilla Huse Bondesson

About

Camilla Huse Bondesson, MBA, has more than 35 years' experience from commercial roles within the Life Science industry. She has a broad understanding of the business dynamics within Biotech Tools, Diagnostics, Medical Device and Pharma Service companies in an international context. Operational roles have included sales-, product- and marketing management, business development and CEO, in companies such as Amersham Pharmacia (now Cytiva), Behring Diagnostics (now Siemens), Gyros Protein Technologies and Isentio (now Pathogenomics).

Since 2004, Camilla is working as a business consultant, coach, mentor and board professional. This covers listed companies as well start-up businesses. She currently holds three board positions, whereof two as Chair, all within different fields of Life Science.
