SONEVA FUSHI

MALDIVES

Returning to What Matters

For over thirty years, Soneva has held a simple belief: the most meaningful things are often the simplest. Shoes left behind. Noise softened. Until what remains is presence, connection and a quieter world.

Soneva Fushi sits within the Baa Atoll UNESCO Biosphere Reserve, on one of the Maldives' few natural, unreclaimed islands. Jungle runs to the water's edge. Paths wind through the trees, walked barefoot. It doesn't perform. It simply is.

What matters here is not the number of rooms, the length of the menu or the size of the pool. It is the light in the morning. The sound of the reef below the surface. The feeling of time loosening, leaving only the space simply to be.

This is where the Soneva story began. And where guests keep returning to find it again.

The Soulful Playground

The original barefoot island, shaped around nature. Time here is defined by soulful connection - to the earth, to loved ones and to yourself.

A place for families, couples and every generation between them. Freedom and restoration, creativity and stillness. Each guest finds their own version of the island, and their own reason to return.

The jungle, the sea and the open sky. A playground for every age and every mood.

Journey to Soneva Fushi

From the seaplane, the deep blues of the Maldives gradually give way to sandbanks, coral reefs and the dense jungle canopy of the Baa Atoll UNESCO Biosphere Reserve. As Soneva Fushi comes into view, surrounded by turquoise waters and untouched nature, the pace begins to shift.

Time softens. The outside world feels increasingly distant. What remains is the quiet rhythm of island life, where nature leads and every moment invites a slower, more meaningful way of being.

Around the Table

From long lunches by the sea to candlelit tables beneath the stars, every setting invites connection, discovery and time together. Harvested from Soneva Fushi's organic gardens and sourced from surrounding waters, ingredients move from island to plate with freshness, seasonality and simplicity at their heart.

Out of the Blue

A two-storey perch above the lagoon where grills, sushi counters and open sea air carry the day from lunch into evening.

Flying Sauces

A seasonal set menu served above the jungle canopy, reached by zipline, where the view opens into layers of green.

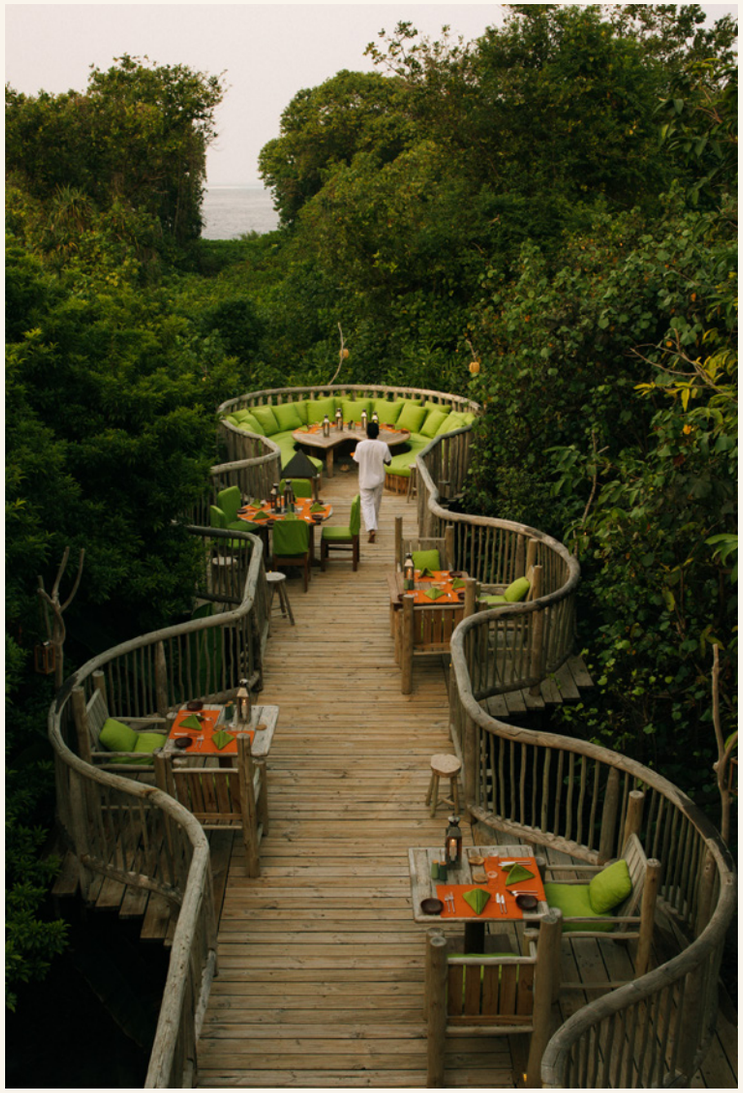

Cinema Paradiso

As night falls beside the sea, Cinema Paradiso invites guests to settle barefoot beneath the stars for open-air films, comforting food and slow island evenings.

So Hands On by Chef Akira

A six-seat counter where Chef Akira's omakase is shaped by traditional Edomae technique

Fresh in the Garden

Perched above the island's organic gardens, dinner unfolds around ingredients handpicked that morning.

The Treat Rooms

Open at any hour. Handcrafted chocolates, fine cheeses, charcuterie and handmade ice cream — including no-sugar and dairy-free options.
A beloved Soneva tradition.

Down to Earth

Set on the sunrise side of the island, seasonal dishes are served close to nature, guided by simplicity and the rhythm of what's in season.

Once Upon a Table

Guests experience highly personal tasting menus prepared directly before them by visiting chef and culinary masters from around the world.

Mihiree Mithaa

The kind of breakfast you won't find anywhere else. Open through to lunch and dinner, with a buffet spanning more cuisines and flavours than you'd expect to find in one place.

Bespoke

At Bespoke by chef Hiroshi, open-fire teppanyaki cooking unfolds against panoramic ocean views and the gentle rhythm of the island beyond.

Carne Diem Grill by Dharshan

Chef Dharshan Munidasa honours exceptional ingredients through precise grilling and controlled heat, enhancing their natural depth and character.

Out of the Sea

Out of the Sea celebrates the simplicity of fresh seafood enjoyed slowly beside the water.

Life at Soneva Fushi is shaped by moments of discovery — some adventurous, others beautifully simple. Guests might spend the morning swimming alongside manta rays, drift towards a deserted sandbank for lunch or gather beneath impossibly clear skies for astronomy after dark.

Others choose quieter rhythms:

long afternoons by the sea, slow conversations over dinner or simply time with nowhere particular to be. Only the freedom to experience the island in your own way.
