BEVERAGE MENU

JOALI BEING provides a destination created for sojourners seeking the opportunity to improve their health and wellbeing.

We invite those who share this common ideology for wellbeing, to pursue their aspirations with us. With this, it is recommended that alcohol is not consumed in line with our wellbeing mandate. A carefully curated selection of organic/biodynamic premium brands with lower alcohol, sugar and calory content are available in a moderate approach and available upon request.

JOALI BEING is committed to providing memorable wellbeing experiences. To preserve the privacy of everyone at our retreat, we encourage guests to limit their use of cell phones, laptops, or other smart devices in common areas, reconnecting with self, each other, and nature as you embark on your wellbeing journey.

All restaurants and outlets at JOALI BEING are a smoke-free environment.

We believe that each guest wishes to preserve the sanctity and tranquillity of JOALI BEING.

## TEA SELECTION

Drinking tea is a lifestyle for us here at JOALI BEING, and we know that is true for many of our guests. Tea extends past the morning and afternoon cup into dinner, and of course, dessert. As with wine, pairing other drinks with food is a fascinating, ever-evolving world - and tea is the perfect candidate, with its incredible variety of flavours and aromas.

Below, we offer a number of pairing suggestions.

All our teas are sustainably sourced.

12

#### Assam Hathikuli FTGFOP1

A beautiful, fresh green tea that remains faithful to its Assam character.

#### Sencha Gojiberry

The sweet, fruity notes of goji berry and pomegranate glow on a high-quality Sencha green tea base.
