Preface:

LCCM is a small college in the context of the UK higher education landscape. It has a reputation however, for its delivery of high quality, commercially relevant higher education in music.

It has ambitions to be a provider of international repute in its field, attracting the most capable scholars and practitioners to study at its London centre; a centre with leading edge facilities embedded in the heart of London's creative industry.

To achieve these objectives, it has to embrace governance concepts and models that are relevant and valid for an institution with this level of ambition and adhere to the principles of the OfS framework.

This paper defines a governance model that meets those objectives.

1. Context:

Protecting student interest, public funding and shareholder interests

The emphasis from the *Office for Students (OfS)* is to align its new regulatory environment with consumer (i.e. student) protection, with acknowledgement of the need also to protect public funding.

These requirements are designed into this governance framework. In a private higher education institution, there is an additional governance challenge – to protect the interests of the shareholders.

Within this framework, the interests of shareholders are explicitly embedded into the governance of LCCM, not at the expense of the interests of students, or of public funds, but rather in addition to those accountabilities.

The document, therefore, defines a governance structure that adheres to the requirements of a “publicly-founded” institution, but also adds the necessary elements of a private institution.

1.1 Regulatory environment: Office for Students (OfS)

The OfS regulatory environment does not discriminate between private and public sector HE providers. It does discriminate between HE providers in the context of their registration.

LCCM is not currently on the register of approved providers of Higher Education with the OfS. This is because our current degrees were designed by us in partnership with the University for the Creative Arts who are on the register as an approved (fee cap) provider. Students who choose to study LCCM’s sector leading awards at our custom built Central London campus The Music Box apply via UCA and are registered as UCA students.

LCCM aspires to become an approved (fee cap) institution and to obtain degree awarding powers so that students can register directly with us and on completion of their studies obtain a degree issued by the institution who both designed and delivered their award.

To achieve full registration the College will have to prove itself to be a consistently high achiever in terms of student outcomes, have a track record of successful delivery of franchised and/or validated programmes, meet OfS requirements in terms of governance and reporting, and constantly deliver on an articulated widening participation strategy.

The OfS is dedicated to a risk-based approach to regulatory monitoring, where risk is evaluated through diagnostic reviews of institutional returns and judgments by OfS Officers.

The following OfS-defined attributes are embedded within this Governance agreement

- The governance and line management arrangements are appropriate to the size and complexity of the College.
- The governance agreement embraces and adopts public interest governance principles.
- The governance agreement clearly articulates the committee structures and the delegation of governance and associated accountability
- The Governance agreement ensures that the organisation is governed and managed by ‘fit and proper’ persons.
- The Governance agreement ensures a strong underpinning of internal audit/financial control and risk management.

- Through a process of annual review, the effectiveness of management and governance arrangements will be evaluated.

This framework embraces all these principles

1.2 The CUC HE Code of Governance 2014

“The underlying principles of sound **academic** governance are based upon collegiality, and it follows that the governing body must therefore respect the role, as defined within charters, statutes or articles, of the Senate/Academic Board and other bodies involved in academic governance. However governing bodies will still wish to receive assurance that academic risks (such as those involving partnerships and collaboration, recruitment and retention, data provision, quality assurance and research integrity) are being effectively managed ” (Clause 4.2).

This document complies with the principles of that statement

1.3 Response to these requirements

As LCCM recovers from recent disruption to its recruitment cycle that led to a smaller student population its governance infrastructure will be rebuilt to reflect its ambition as stated above. Academic governance retains primacy and even at the lowest level of enrolled students (118 enrolled in 2020-2021) Academic Board has remained at full strength with two external members. As the college grows again LCCM’s governance structure is being rebuilt with robust accountability across three levels:

- Corporate governance at Board level (and the defined relationship with Global University Systems “GUS”)
- Academic governance at Academic Board level
- Academic governance architecture underpinning the Academic Board

The linkages between the three levels are fundamental to the success of this governance model.

An Academic Standards and Ethics Committee of the Board will explicitly link the Board with academic governance matters. This Committee will initially provide the Board with an assurance of proper academic governance in ensuring that the requirements of external awarding bodies are met. It also provides the most appropriate avenue for student participation in the business of college governance.

In time, its operation and development will demonstrate that the institution is mature enough and has internal processes capable of taking on this responsibility and extending into acquiring degree awarding powers.

LCCM Governance and Management Structure

2. Governance: LCCM Board

2.1 LCCM is a small college. It seeks to ensure that its governance is rigorous but also appropriate for a College of its size. In Academic Year 2021-2022 the college has operated with a simplified structure appropriate for a college with 180 enrolled students. As a small college, it is expected that its committees will have overlapping membership and that individual committees may therefore also take place, sequentially, on the same day.

The Board of Directors have established a Board of Governors and delegated to it all such authority and powers as are necessary for the academic governance and operational management of the company, including such powers as are necessary to ensure compliance with OfS and other regulatory requirements.

2.2 The Board

The Board of Governors meets not less than four times a year and consists of:

Membership of the Board shall include:

Non-Executive Directors:

- The Chair, who shall have high standing in the academic and/or business world.
- At least one independent non-executive director
- Two directors nominated by the shareholders (GUS)

Executive directors:

- The College Principal, *ex officio as chair of the Academic Board which is the principal academic authority of the College*
- *a member of the Principal's Senior Management Team*

Quorum is 4:

- One of whom must be a director nominated by the shareholders
- One of whom must be the Principal (or nominee)
- One of whom must be independent

In “emergency” situations the Chair may take “Chair’s action” on behalf of the Board but must report the decisions taken to the other Board members at the earliest opportunity and seek the endorsement of the Board.

2.3 Committees of the Board

The following boards/committees shall be established:

Academic Board
Academic Standards and Ethics Committee
Remuneration Committee
Audit Committee
Nominations Committee
Finance and Resources Committee

The membership and Terms of Reference of the Academic Board is set out below, the terms of reference and membership of the other Committees is set out in Appendices 1 – 5.

[The Board of Governors shall take consideration of guidance from the Committee of University Chairs <http://www.universitychairs.ac.uk/> in the establishment of the above boards/committees and other matters]

At least once a year the non-executive members of the committees should meet without any Officers present to discuss matters relating to its own remit, constitution and terms of reference to ensure that it is operating at maximum effectiveness. The conclusions of that meeting shall be shared with the non-executive members of the Board. Any material changes will require Board approval.

2.4 Attendees at Board and Board Committee meetings

Every Board and Committee meeting will be attended by the College Secretary who will record the Minutes of the meetings.

Other attendees will be invited to attend the Board's meetings or Committee's meetings (or part thereof) at the discretion of the Chair.

Within the Board and all its Committees, decisions will be made by a majority, with the Chair having a second or casting vote in the event of a 'tie'.

2.5 Independent Directors: appointment and tenure

The tenure of the Chair and independent members shall normally be three years. Positions are renewable at the discretion of the Nominations Committee, normally up to a maximum of 3 terms.

After consultation with the Independent Directors, the shareholders have the authority to appoint (and remove) the Chair.

After consultation with the Chair, the shareholders have the authority to appoint (and remove) Independent directors.

2.6 Board authority and Decision making

The Board has responsibility for the proper corporate governance of the College and does so within the framework defined by its relationship with the Group Board (see section 3).

The Board is responsible for all the effectiveness of corporate and academic governance matters of the College. In line with CUC guidance, it will ensure that an Academic Board has responsibility for the academic health of the college.

The Academic Board shall therefore be delegated with responsibility for all academic matters of the College, including the determination of the academic portfolio, the setting of admissions criteria, admissions and enrollment, student experience, quality assurance management in all its aspects, and graduation processes. However, for the avoidance of doubt, the Board is ultimately accountable for ensuring the integrity of academic governance operated by the Academic Board and delivered through the Executive.

The Board is therefore accountable for the effectiveness of the Academic Board and the academic processes of the College. To fulfil that obligation, it will be assisted by the Academic Standards and Ethics Committee.

2.7 Appointment of the Principal and Director of Finance

The appointment (and removal) of the Principal or the Director of Finance is the responsibility of the non-executive members of the Board and is delegated to the Nominations Committee of the Board (see below).

2.8 Appointment of senior staff

The appointment (and removal) of Senior staff (including the Secretary) is the responsibility of the Nominations Committee of the Board (see below) and the Principal. The appointment (or removal) of Senior staff requires the approval of the directors nominated by the shareholders.

2.9 Board operation

The Board is scheduled to meet at least 4 times each year. Additional meetings may be called by the Chair.

A minimum of seven working days' notice is required for all board meetings.

Agenda and Board papers to be circulated at least 5 working days before meetings.

Draft minutes shall be circulated within 7 working days of the meeting of the Board or its Committees.

The Board (and its Committees) will undertake a process of self-review each year, with an independent review every three years.

3. Governance: GUS – LCCM Board protocols

The LCCM board will work with GUS to agree, annually, a one-year performance forecast, a 3-year rolling business plan and an outline 5-year plan. This planning system will provide the basis for an annual budget cycle which will provide a delegated budget for the LCCM board to oversee.

The LCCM Board will provide GUS with:

- quarterly reports on progress made in pursuit of the business plan (where substantive variations are detected in the plan, a review of the annual budget may be justified);
- minutes of all Board, Academic Board and Committee meetings within one month of the meeting (and notifications of any subsequent amendments thereof);
- monthly management accounts – must be sent to GUS within 10 working days of each month end
- annual accounts – must be sent to GUS within 90 calendar days of year end.

The LCCM board will contract with the GUS shared central services for infrastructure services. This contract will be overseen by an SLA which will be monitored by LCCM board. Any performance issues will be recorded by the LCCM Board and raised with the GUS board for resolution.

The LCCM Board will cooperate with any internal audit or risk assessment study initiated by GUS.

The LCCM board will ensure that relationships with the Office for Students, and other regulatory bodies, are managed to the standards expected of GUS Group entities. Any potential non-compliance must be reported to the GUS group, preferably prior to its occurrence.

The LCCM board will ensure that public relations activity of the College is managed through GUS Public Relations protocols.

The LCCM Board will ensure that GUS is aware of any substantive quality or standards concerns that are brought to the attention of the LCCM board.

GUS will provide the LCCM board with an annual “Letter of Guidance and Expectations” which will provide the Board with both a summative expectation of strategic direction in the context of the wider Group and a framework for performance evaluation.

GUS will agree a budget on the basis of the submitted business plan. (This budget may be reviewed in the light of the LCCM quarterly reports)

GUS will investigate any LCCM concerns about the performance of the shared services and share the outcomes of those investigations with the LCCM board.

GUS will provide an innovation and incubator service to evaluate and, if justified, invest in LCCM innovation.

GUS will ensure that sufficient accommodation of the appropriate quality is provided to the LCCM board for the pursuit of the business plan.

GUS will advise and consult with LCCM board if it receives any formal offer for the purchase of a majority of shares in LCCM or for LCCM business/assets.

The consent of the Finance and Resources Committee is required for:

- appointments to Executive and tier 2 appointments;
- any transactions over £10k which were not identified in GUS approved annual plans;
- changes to the terms of employment of anyone earning base salary in excess of £50K;
- entering into any contract with annual value over £50k (unless in annual plan);
- Commencement or settlement of litigation of any value.
